REACH declaration

Dear Customer,

hereby, the company Elettrotec Srl, with reference to the **EC regulation n.1907/2006 concerning the registration, evaluation, authorization and restriction of chemical substances (REACH)**

GIVEN THAT

- the REACH Regulation which came into force on 1 June 2007 and establishes new rules for the management of chemical substances, implies the need for communication between customers and suppliers of substances, compounds and articles they sell and buy;
- Elettrotec Srl qualifies as a downstream user and reseller of substances/articles produced within the European Union;
- Elettrotec Srl has a certified management system compliant with the UNI EN ISO 9001:2015 standard

DECLARE THAT

- the same cannot be qualified as a producer/importer of substances pursuant to the REACH regulation and therefore is not required to register-pre-register the substances it uses in its production process;
- the articles supplied are not qualified as "articles intentionally releasing substances" and as such are not subject to the provisions of the REACH regulation;
- a mutual exchange of information is maintained with all suppliers, to verify their position with respect to the REACH regulation and any restrictions envisaged by Annex XVII of the regulation;
- the materials used to build our products do not contain SVHC substances in a concentration higher than 0.1%, except for the "Lead" substance identified with CAS: 7439-92-1 in a concentration up to 3.5% for the articles containing copper alloys and up to 0.35% for items containing high machinability steels (AVP);
- SVHC substances are listed in Annex XIV of the REACH Regulation called the "Candidate list" and it is periodically updated by ECHA and can be consulted on the web at: <http://echa.europa.eu/it/candidate-list-table>;
- in the materials used to build our products there is no evidence of the presence of PFOS, PBDE, PFAS, PFOA and their related products;
- our activity does not consist in the direct production of raw materials; therefore this declaration is to be understood as confirmation of what was declared to us by our supplier and the producers of the raw materials used.
